To receive the Day Camp FOR ALL rate, present a copy of your most recent 1040 tax form to the Members Services staff at your local YMCA.

Financial Assistance Policy

While our fees are based on the cost of providing each program, we believe that all children should have an opportunity to experience summer day camp.

While participants are expected to pay their fair share, when Strong Kids financial assistance dollars are available, the YMCA will assist any family or individual who wishes to participate but who may have difficulty affording the fee.

Financial Assistance

The YMCA of El Paso is a not-for-profit, health and human services organization committed to helping ALL people grow in spirit, mind and body.

To insure that our programs and services are available to ALL, we provide program rates based on the household income of each family or individual that joins our YMCA.

www.elpasoymca.org

Is your financial situation more complicated than Day Camp FOR ALL allows? If so, ask about the YMCA's Financial Aid program. The two-step form considers an applicant's overall financial situation, including monthly income and expenses. This program takes an extra step to ensure that we are able to make our programs and services accessible to all.

No one shall be denied participation in YMCA programs or membership due to inability to pay as long as Strong Kids Financial Assistance dollars are available. We want everyone to be involved in the programs and services of the YMCA and be nurtured in spirit, mind and body.

Visit the YMCA and complete a Financial Assistance application. Bring in information on current income, preferably 3 current and consecutive pay stubs of all parties who contribute to the household income, any other state/government assistance and the previous year's tax return, so that the amount of assistance can be determined.
